

RoHS - Declaration of Conformity Nuremberg, 14.09.2021
REACH - Declaration of Conformity

RoHS Conformity 2011/65/EU and European Parliament Directive 2015/863/EU

The European Directive 2011/65/EU regulates requirements for harmful substances in electrical and electronic equipment. According to this directive, no articles may be imported into the European Community or traded in the EC which do not comply with these requirements. Based on the information available to us from our suppliers, we confirm compliance with the RoHS Directive according to 2011/65/ EU. To our knowledge, there are no official certificates for RoHS conformity. The following elements are not contained or only in very small quantities (0.1 %, 0.01 % in the case of cadmium weight percent related to homogeneous materials).

- lead
- cadmium
- Hexavalent chromium
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ethers (PBDE)
- Mercury

In addition, we comply with Directive 2015/863/EU and therefore also comply with the updated amendments to Annex II for the limit values of the supplemented plasticisers. The following elements are not contained or only in very small quantities (0.1%).

- Bis(2-ethylhexyl) phthalate (DEHP)
- Butyl benzyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIBP)

Excluded are only materials that are targeted to customer specifications. Possible changes are not covered by this letter. We will be pleased to answer further questions under the known contact details.

Declaration of Conformity to REACH

REACH-European Regulation for the Registration, Evaluation, Authorisation and Restriction of Chemicals (Regulation (EC) No 1907/2006). In terms of the REACH regulation, we as a manufacturer of sheet metal structures have the status of a downstream user. This means that we rely on information from our suppliers and issue our declaration of no objection according to the information provided to us.

REACH declaration of no objection:

1. all the articles we supply to you comply with the obligations resulting from the REACH regulation.
2. none of the products contain, according to the current state of knowledge, chemicals that are listed as Substances of Very High Concern (SVHC) in a concentration of more than 0.1 % according to the candidate list (ECHA list) that is constantly updated by the EU.

We do not import or purchase any of the SVHC listed substances ourselves. Also, no SVHC listed substances are intentionally released in our products.

This document was generated electronically and is also valid without signature.
